## Professional Summary

Aspiring Software Engineer with a strong foundation in computer science, programming, and problem-solving. Skilled in modern web development technologies including HTML, CSS, JavaScript, and React, with additional expertise in C++ and Java. Demonstrated ability through personal projects such as Weather App, Tic Tac Toe, Password Generator, Portfolio Website, Hospital Scheduler, and Gas Agency Management System. Dedicated to building efficient, scalable, and user-friendly applications while continuously learning and adapting to emerging technologies. Actively seeking internship or entry-level opportunities to apply and grow technical skills.

## Education

Bachelor of Computer Applications (BCA), D.A.V. Centenary College, Faridabad — 07/2023 – 05/2026 (Pursuing)  
Senior Secondary (XII), Government Model Senior Secondary School, Faridabad — 04/2021 – 03/2023

## Certificate & Achievement

Certificate of Achievement – First Runner-Up, DGIM Hackathon 2025

## Experience

Full-Stack Web Development Intern Sep 2025 – Feb 2026  
Unified Mentor

## Technical Skills

Programming Languages: C++, Java, JavaScript  
Web Development: HTML5, CSS3, React.js, Firebase  
Core Skills: Problem-Solving, Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), Responsive Web Design

## Projects

Weather App — Developed a web-based weather application using React and APIs to display real-time weather data.  
Tic Tac Toe — Created an interactive Tic Tac Toe game using HTML, CSS, and JavaScript.  
Password Generator — Designed a secure password generator tool in JavaScript with customizable options.  
Hospital Scheduler — Developed a Hospital Scheduler using HTML, CSS, JavaScript, and Firebase to manage appointments, users, and real-time hospital scheduling operations.  
Gas Agency Management System — Developed using HTML, CSS, JavaScript, and Firebase to manage customer records, bookings, and real-time gas distribution operations.  
Portfolio Website — Built and deployed a personal portfolio website showcasing projects and skills.

## Strengths

Strong foundation in programming & software development  
Quick learner with adaptability to new technologies  
Ability to work independently and in team environments  
Problem-solving mindset with attention to detail

## Languages

English — Professional Proficiency  
Hindi — Native Proficiency
